RigidWood™

The Smart Advantage LVT

RIGIDWOOD™ FLEX ELITE
ABBAY, RW-FXE434

TORLYS makes it easy by offering a complete range of Rigid LVT that has all the benefits of a TORLYS Smart Floor, in both Flex & Firm constructions. Pick the flooring suitable for your lifestyle and you will be sure to find a range of colours, patterns and sizes to suit any décor with no peaking, no cupping and no gapping – guaranteed!

RigidWood™ has all the performance benefits of a TORLYS smart floor...now in Rigid LVT.

RIGIDWOOD™ FIRM VISTA
HELM OAK, RW-FMV154

RigidWood™
FLEX

Flex is the top of the line SPC vinyl, with 8 layers of single press construction, stunning deeply textured visuals and offers stability unlike any other floor. **Transition Free up to 80'x80'!**

RigidWood™
FIRM

Firm offers premium SPC vinyl in a 5 layer continuous press construction that offers a lighter more subtle texture providing excellent performance at great value. **Transition Free up to 70'x70'!**

RigidWood[™]
FLEX

The flexibility you want.
The rigidity you need.

RIGIDWOOD[™] FLEX PREMIER
CRAFTSMAN, RW-FXP215

RigidWood[™] Flex has a unique 8-layer single press construction that results in an optimal blend of flexibility and rigidity. This advanced manufacturing process allows for beautifully textured surfaces, stunning visuals and an extra-stable floor that can be installed transition free, up to 80'x80' - any room, anywhere.

Why RigidWood™ Flex?

Features & Benefits

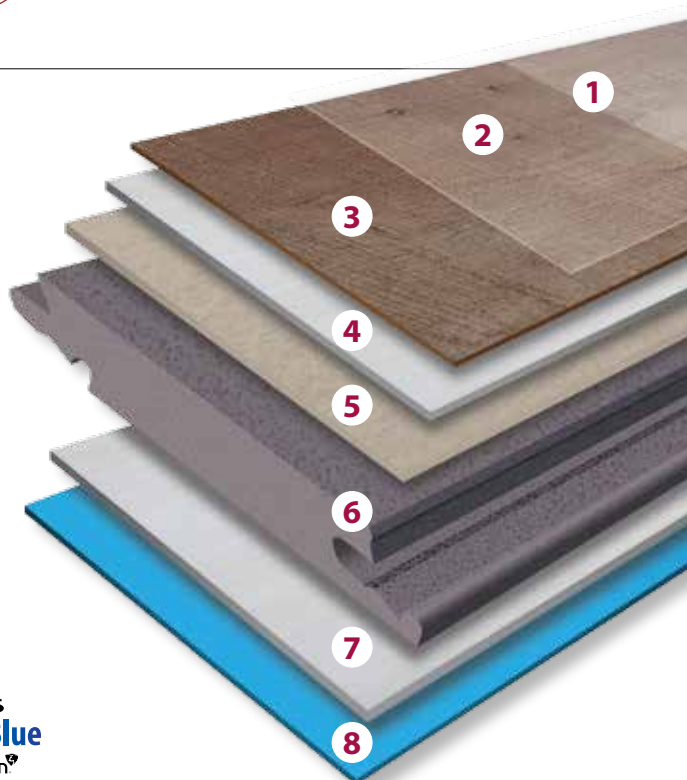

- Simply the best SPC floor on the market
- Deep distinctive texture that is soft to the touch and precisely synchronized to perfectly match the woodgrain pattern.
- Colour enhanced bevel that provides a more realistic look.
- 20% thicker than the average SPC on the market, creating an extra-stable floor that is perfect for all spaces including seasonal cottages and sunrooms.*
 - Remarkable dimension stability that will withstand 80°C temperature swings (from -30°C to +50°C)
 - No peaking, no gapping and no cupping – guaranteed!
 - Install directly over other hard surfaces with minimal subfloor preparation and no telegraphing.
 - Transition Free up to 80'x80' and can be fixed/floated on the same floor.
- The exclusive fiberglass layer provides flexibility by conforming to the subfloor for a quieter, more solid “glue down” feel.

*Please refer to installation instructions for complete details.

Stable and Flexible Construction

- 1) TORLYS Maxx Finish
- 2) Heavy Duty Wear Layer - 0.55mm (22 mils)
- 3) Decorative Print Film
- 4) PVC Top Layer
- 5) Fiberglass
- 6) Smart Core with Patented Uniclic® Joint

TORLYS Finishing Touches

Flush European Stair Nosing

A contemporary square stair nosing to perfectly complement the modern floor covering.

Overlap Reducer

Colour coordinated moulding to allow for a smooth transition between floors of different heights.

T-Moulding

An attractive solution for transitioning between floor surfaces in adjoining rooms where floors are approximately the same thickness.

TORLYS Bulldog™ Easy Plank Replacer

A benefit unique to TORLYS: single boards are changed, repaired or replaced using the patented Bulldog™ Tool without moving furniture. No Glue. No Dust. No Mess.

Long Lasting Beautiful Floors

Easy-Care Maintenance Tips

- Dust-mop (with a non-treated, clean mop) or vacuum floors regularly to remove loose soil and fine dust particles that can scratch floors.
- Wipe up spills on floors immediately with cloth or sponge. Clean as required with TORLYS Natural Glow® Floor Cleaner.
- Use only TORLYS recommended floor maintenance products on your TORLYS floor.
- Install floor protectors on furniture legs to protect against scratches and dents. These furniture pads should have no wrinkles and be made of soft, non-staining material (e.g. felt pads); the felt pads should be of adequate size to support the weight of the furniture and a minimum of 1" (2.5cm) in diameter. The floor protectors should sit flat on the floor and be inspected periodically for cleanliness and wear. For heavy pieces of furniture (e.g. couches) the use of coaster-cups is recommended.
- Caster chairs require the use of a protective chair mat or soft caster wheels designed for hard surface floors.
- High heels and pet nails can cause permanent indentation in floor surfaces. Use caution when wearing high heels and keep pets' nails trimmed.
- At doorways and areas of heavy wear, use protective mats or rugs that are marked "non-staining".
- Approximately 75% of dirt on the floors in your environment is tracked in from the outside. One square yard of matting can capture one pound of soil. Use entry-way (non-skid, cotton) mats to capture tracked-in dirt and soil and clean them regularly. Rubber or fibre-backed mats may stain or scratch floor finish.
- TORLYS flooring, like other hard surface flooring may become slippery when wet. Allow time for floor to dry after wiping down. Immediately wipe up wet spills and foreign substances from the floor.
- To help minimize expansion and contraction of your TORLYS floor, use a humidifier or dehumidifier to maintain an even level of humidity. The recommended humidity range for all TORLYS floors is 30% to 60%.
- Never use wet mops, highly acidic or alkaline cleaners, jet spray cleaners or steam cleaners, non-recommended floor cleaners, polishes, or waxes, or treated mops, or mops that have been used to clean other floors or furniture.

TORLYS Natural Glow™ Eco-Friendly Cleaning Kit

TORLYS recommends Natural Glow for easy maintenance. It's biodegradable (with no VOCs), fragrance free, easy on the environment, and makes every TORLYS RigidWood floor spotless. Clean your floor as required with this easy-to-use kit. Kit contains one ready-to-use bottle of cleaner plus one bottle of concentrate, enough to clean your floor for several years.

Waterproof

RigidWood™ is 100% waterproof - exclusively backed by TORLYS Flood Warranty.

TORLYS Flood Warranty

Only TORLYS offers a Flood Warranty! The patented Uniclic® joint combined with Microban® antimicrobial product protection means RigidWood™ is protected from water damage caused to your floors by floods. See website for complete details.

TORLYS Bulldog™ Easy Plank Replacer

A benefit unique to TORLYS: single boards are repaired or replaced using the patented Bulldog™ Tool. No Glue. No Dust. No Mess.

Uniclic® Joint Integrity

The patented Uniclic® joint combined with the rigid core creates one of the tightest joints possible. A guaranteed gap resistant joint that prevents any water penetration even with severe temperature swings.

TORLYS FoamPlus™ Blue Underlay with Microban®

PFT (Progression Foam Technology) attached underlayment that provides superior sound reduction and shock absorption with anti-crush technology that is guaranteed not to compress for the lifetime of the floor. Complete with Microban® antimicrobial product protection to resist the growth of mould and mildew under your floor.

Microban®

Microban® product protection is built into RigidWood's Maxx Finish for antibacterial protection on the top and into the FoamPlus™ Blue underlay for antimicrobial protection underneath, preventing odours and stains caused by mould and mildew.

Transition Free

RigidWood™ is a remarkably stable floor with the Uniclic joint that can be installed transition free – meaning no “speed bumps” in doorways or long hallways.

TORLYS Maxx Finish

An exclusive long lasting finish with nano technology utilizing aluminum oxide that provides superior stain and scratch resistance and has Microban® antibacterial protection built in.

FloorScore®

ALL RigidWood™ products are FloorScore® certified, ensuring a safe product for your home.
