Uniclic® Joint

The Uniclic joint is a patented joint guaranteed to resist gapping, warping and cupping. During installation, it doesn't require messy glues or chemicals, or nails of any kind. Uniclic creates a remarkably stable and gap-resistant floor, and because the click joint process is reversible, the floor can be re-used up to 3 times under warranty.

Leather Tile

TORLYS Leather makes expressive use of bevel-edged tile. Created in an oversized format, the tile adds clean geometric elegance to the rich, distinctive graining of the leather. The effect is eye-catching and still retains simplicity and refinement.

Can I put TORLYS Leather anywhere in my house?

TORLYS Leather is an engineered product, well-suited for installation below grade, over concrete and even over existing floors. Depending on the application, different underlays may be required. Ask your local TORLYS dealer for more information on different applications and what you may require.

How do I maintain my TORLYS Leather floor?

TORLYS Leather requires the same maintenance as all other TORLYS floors. Simply vacuum or sweep your floors once a week or as needed. To clean your floors, use TORLYS Natural Glow® Eco-Friendly Maintenance Kit once a week or as needed. Clean up any spills with a cloth.

CORKPLUS™ UNDERLAY

Breakthrough Technology. Superior Underlay.

An environmentally friendly product, TORLYS CorkPlus™ Underlay is made from recycled cork, offers natural air-cushioning for comfort, sound step absorption and thermal insulation, and contains Microban® antimicrobial protection, that helps eliminate mould and mildew.

Can I easily repair my TORLYS Leather floor?

Yes. Only TORLYS offers you **The Bulldog™**, a tool that allows you to repair any plank in your floor, even if it's in the middle of your room, with no power tools, dust or noise.

What is the Uniclic joint?

The Uniclic joint is a patented joint guaranteed to resist gapping, warping and cupping. (Some floating floors promote their joint systems, but if it doesn't say Uniclic, it's not the same.) The patented Uniclic is integral to TORLYS Leather. During installation, it doesn't require messy glues or chemicals, or nails of any kind. Uniclic creates a remarkably stable and gap-resistant floor, and because the click joint process is reversible, the floor can be re-used up to 3 times under warranty.

Can I install TORLYS Leather myself?

TORLYS Leather uses the patented Uniclic joint, a glue and nail-free joint system that ensures a great-looking floor and makes installation easy. All you need is a saw, hammer, installation kit, tape measure, pencil and some time to install your floor. There are also professional installers. Ask your local TORLYS dealer for more details on installation.

Can I order samples of TORLYS floors?

Yes. TORLYS Online Sample Ordering makes it easy to request any flooring sample. For a small fee, order a minimum of three 4" x 6" flooring samples of the style of your choice.
